

Fall Rendezvous in 'Our Nation's Capital'

The Itinerary

Although not cast in stone at this point, the following is the planned itinerary for the upcoming Fall Rendezvous in Richmond, Ontario.

First of all, if you've never been to our National Capital you're in for a treat. There are countless things to see and do throughout the area. We guarantee you will not be bored.

The registration deadline suggested in the most recent edition of our award winning newsletter, the "*Trillium*" has actually passed. However, it's not too late to plan on coming. Just get yourselves there and we'll be happy to take your registration with a cash payment for your weekend and parking fees. Please be sure to let our registrar know if you are coming because some of our planning requires an idea of the number of folks attending.

Early arrivals on Thursday will have a free day, followed by games and social gathering in the hall in the evening with coffee, tea and treats available.

Friday will be more free time to explore on your own and a special evening presentation in the hall on the local "Craft Brewing Industry", including prizes, gifts and most importantly.*samples*, with tea, coffee and ice cream treats available later.

Saturday will include an optional visit to a nearby vineyard for a tour and tasting. There will be a nominal cost for those attending. Late afternoon will be our corn roast and B-B-Q supper. It's movie time on Saturday evening with popcorn included and coffee, tea and treats to follow.

Sunday will have free time in the morning for those who wish to attend a local church service of their choice. In the afternoon, Kerry Mattila will do a seminar on winterizing your Airstreams for those not heading off to warmer places for the winter. Yes, there will be more ice cream treats in the evening.

Each morning we'll have a light continental breakfast available in the hall.

If anyone needs further information please call or e-mail Bob & Bev Chapman at 613-432-3645 or bandbchapman@gmail.com
